HUMAN PARTICIPANTS PROTECTION REVIEW

Your project, "Adjusting Bias in Associative Judgements," was approved by the Missouri State University Protection of Human Participants Institutional Review Board as submitted. Copies of your application and proposal will be on file in the Office of Sponsored Research & Programs. Please note that your project has a starting date of 9/15/2010 and that it was approved until 9/14/2011.

If you find it necessary to extend your project beyond this date, it will be necessary for you to reapply to the Protection of Human Participants Institutional Review Board. The application form for this may be obtained on the Office of Sponsored Research and Programs web page <http://www.srp.missouristate.edu>.

Please feel free to contact your college representative, the Office of Sponsored Research & Programs, or myself if you need additional assistance. This project has been assigned the number #11057. Please reference this number when asking any questions regarding this project.
